RE-COUNT OF  
VILLAGE BALLOTSMANY BALLOTS FOUND TO BE  
VOID.Hans Petersen Elected Village  
President.

The complications arising from the running of R. D. Connine for President on "slips" in the village election Monday March 13th, caused Hans Petersen, the defeated candidate to demand a re-count which changed the result in favor of Mr. Petersen.

This writing in a name on a ballot seemed to be confusing to the voters in more ways than one for there were ballots cast for nine distinctly different names. The vote for president, as finally registered by the Board of canvassers, is as follows:

|                    |    |
|--------------------|----|
| Hans Petersen      | 46 |
| R. D. Connine      | 32 |
| D. Connine         | 5  |
| Date Connine       | 2  |
| Dayton Connine     | 1  |
| D. T. Connine      | 1  |
| Connine            | 4  |
| Richard D. Connine | 2  |
| C. W. Amidon       | 1  |

There were nine ballots rejected and not counted for either of the candidates. Most of these latter were because of the fact that there was no mark in the circle at the head of the ticket nor in the square before the name of either candidate.

The canvassing board officially reported the results of the re-count to the Village council, which report was duly accepted and adopted by that body and Hans Petersen declared elected.

There was considerable interest shown in the re-count and the Town hall was pretty well filled with spectators. Mr. Petersen's interests were looked after by Attorney Geo. L. Alexander. Mr. Connine was content to be on hand and look after his own interests.

After separating the ballots for Mr. Petersen and those bearing the several different Connines, as shown above, Mr. Alexander proceeded to cite supreme court decisions showing why all the Connine ballots could not be counted for R. D. Connine as, no doubt, the voter intended.

Mr. Connine made no protest to the rulings of Mr. Alexander nor the final conclusions of the canvassing board and only expressed his appreciation of the good intentions of those who had endeavored to vote for him.

MOTHERS' CLUB MEETING  
NEXT WEEK.Question Box Adds Interest to  
Program.

The regular monthly meeting of the Mothers' club will be held at the school house, as usual, next Tuesday evening at 7:00 o'clock.

The principal subject under discussion will be "Recreation," which will be led by Mrs. Charles Fager, who will talk from the mothers' view point and Miss Lucile Campbell, who will talk from the teachers' view point. This will be followed by "Round table discussions."

One of the very important features of the meeting is sure to be the "Question Box." It is desired that every attending lady drop a written question into the question box which will be opened later and the questions discussed. No names are to be signed to the papers. This feature is sure to prove of great interest and should bring about good results.

Notice of Dissolution of Co-part-  
nership.

The firm of Grayling Machinery Repair Co., dealers in automobiles, auto supplies, etc., is this day dissolved. Esbern Hanson, as liquidating partner, will settle all obligations of the late firm and is authorized to collect all claims.

He will be found at its office, at their garage in the Benson building, until such time as the stock, etc., is disposed of.

Signed: ESBERN HANSON  
FRANK AHMAN.

MICHIGAN CENTRAL WILL  
HELP TO BOOST.Decides to Get into the Game to  
Help Northeastern Michigan  
Upbuilding.

The following will be of interest to the people of this section as it tends to indicate a change of heart on the part of the Michigan Central officials toward the upbuilding of the farm lands of Northeastern Michigan and also indicates that the company begins to realize that sooner or later the revenues of the company from this territory must largely come from the products of the soil.

## Council Proceedings.

A special meeting of the common council of the Village of Grayling was held at H. Petersen's Grocery store Thursday evening, March 16th, 1916 for the purpose of canvassing the votes of the Village election held Monday March 13th, 1916, but on account of petition of H. Petersen being filed for re-count same was postponed until Monday evening March 20th. Meeting called to order by H. Petersen, president. Present—Canfield, Cook, Herrick, McCullough, Jorgenson and Taylor. Absent—None.

The following petition of H. Petersen was read, to wit:  
To the Village council of the Village of Grayling, Michigan:  
Gentlemen:

This, the petition of Hans Petersen, respectfully shows that on the 13th day of March, A. D. 1916, the electors of said Village of Grayling held an election for officers of said Village.

That at said election your petitioner and one Richard D. Connine were candidates for the office of president of said Village.

That at the close of the polls of said election the inspectors of said election canvassed the votes cast thereat and declared said Richard D. Connine elected to said office of president of said Village of Grayling.

Your petitioner further shows that he is informed, believes and alleges that in canvassing the votes cast at said election said inspectors of election counted as votes cast for said Richard D. Connine for president of said Village many votes which should not, under the laws of this State, have been counted as cast for him, said Connine as president of said Village; also many votes which should, under said laws, have been counted as cast for your petitioner instead of for said Connine, for said office of President of said Village; and also many votes which, under said laws, should not have been counted as cast for any one for said office of president of said Village.

Your petitioner further alleges that were the votes cast at said election for the office of president of said Village canvassed and counted as the law of this state direct, your petitioner and not said Richard D. Connine would be elected to said office of president of said Village.

Your petitioner therefore prays that your honorable body cause the board of canvassers of said Village to make an investigation of the facts herein set forth, to cause the ballot boxes used in said election to be brought before them at a meeting appointed by them for that purpose to be held without unnecessary delay, to open the ballot boxes used at said election; to make a recount of the votes cast thereat for the office of president of said Village and to make correct and full returns in writing showing the number of votes cast at said election for said office of president of said Village at said election; and to declare your petitioner elected at said election president of said Village.

(Signed) H. PETERSEN.

STATE OF MICHIGAN  
COUNTY OF CRAWFORD, ss.  
Hans Petersen, being duly sworn deposes and says that he has read the foregoing petition by him signed and that he knows the contents thereof, and that the same is true of his own knowledge, except as to those matters stated therein to be on information and belief, and as to those matters he believes it to be true.

(Signed) HANS PETERSEN.

Subscribed and sworn to before me this 16th day of March, A. D. 1916.  
(Signed) HOLGER HANSON,  
Notary Public in and for said County.  
My commission expires Sept. 15, 1919.

Moved by Jorgenson and supported by McCullough that the petition of Hans Petersen be accepted and granted. Yeas—Canfield, Cook, Herrick, McCullough, Jorgenson and Taylor. Nays—None.

Moved by Canfield and supported by Cook that we meet at the Town hall Monday evening March 20th, 1916 at eight o'clock p. m., to recount the votes cast for the office of Village President. Yeas—Canfield, Cook, Herrick, McCullough, Jorgenson and Taylor. Nays—None.

Moved by Canfield and supported by McCullough that the clerk be instructed to notify Mr. Richard D. Connine regarding the re-count, giving him the date, time and place of meeting. Yeas—Canfield, Cook, Herrick, McCullough, Jorgenson and Taylor. Nays—None.

Moved by Herrick and supported by Taylor that we adjourn. Motion carried. T. P. PETERSEN,  
Village Clerk.

THE AMERICAN AMBULANCE  
HOSPITAL OF PARIS

## An Appeal To The American People.

The committee in charge of the work of the American Ambulance hospital in Paris has written Marius Hanson of the Bank of Grayling, giving a brief description of the work of the organization.

Among those noted as members of the committee are some of the best known citizens of America. It is a noble service that they are rendering the French soldiers in this time of war. The account of the work being done, as submitted to Mr. Hanson, is full of interest and we gladly publish it, hoping there may be some among us who will be able to contribute financially to this worthy cause.

In the war of 1870, the American colony in Paris established a hospital to care for the wounded. The service it rendered was a precious memory to the generation that has just passed. When the war of 1914 broke out, the American colony in Paris was true to the traditions of the fathers. Plans were decided upon without delay, seemingly superhuman obstacles were overcome, and thirty days after the war began, the American Ambulance was ready to receive two hundred wounded.

The promoters of the Ambulance little dreamed of the responsibilities they were undertaking. Two hundred beds was the limit of their ambition. The committee of management, the surgeons, and the nursing staff, that they were giving their services for three months or six at the most.

But 1914 was not to be a repetition of 1870. The American Ambulance quickly outgrew the American colony in Paris. In fourteen months the Ambulance has developed from one hundred and seventy-five beds to more than six hundred, and has besides charge of the auxiliary hospital with two hundred and fifty beds established by Mrs. Whitney at Juilly, thirty miles north of Paris, nearer to the fighting line, and equipped with the parent Hospital for the treatment of gravely wounded men.

Instead of remaining merely one of many hospitals in and near Paris, supported by local subscriptions and served by local physicians, the American Ambulance has grown up to its name. It represents America, and embodies the ablest surgery and perfected nursing methods of the new world. Surgeons from our leading Universities and our largest cities have come to work on its staff, and the volunteers serving in its various activities are recruited from all sections of the United States.

Instead of waiting for patients to be brought in from the battle-field, the Hospitals, during the battle of the Marne, sent its motor-ambulances out to the firing line to gather in the wounded. At first there were a dozen of these light swift and efficient vehicles. Now there are one hundred and fifty, mostly of the same type, organized in units of twenty, each with a staff and repair car, working at different points along the fighting lines from Flanders to Alsace, bringing wounded to and from the rail-heads. Smaller sections are attached to the Ambulance Hospital at Neuilly, and the branch Hospital at Juilly, and the total number of wounded transported by this service to January 1, 1916 is more than 100,000.

Initiated by the American colony at Paris as a token of sympathy for our country's faithful ally in 1870, and maintained largely by generous contributions from the United States, the American Ambulance Hospital of Paris, with its consummate modern surgery, and its admirable, far reaching extension work, is regarded by the French government and people as a monument and symbol of America's sympathy in this crisis of human history.

For these reasons the management of the American Ambulance feels justified in making a nation-wide appeal for funds to carry it thru its second year. We want to be able to say in all sincerity that this Hospital is supported by the gifts of the American people, East, West, North and South, and that it may go down in history that every State in the Union has had its share in this beneficent work.

If every one who reads this appeal will give a contribution, no matter how small, the Ambulance will be enabled to continue its work as a free and precious gift of the American people.

Give your subscription to your own bank, which will forward it to Messrs. J. P. Morgan & Co., the financial agents in New York, of the American Ambulance Hospital in Paris.

THE HOME OF PURITY AND QUALITY

## HOUSE DOWNS ARMY INCREASE

BY VOTE OF 183 TO 103 THE KAHN  
AMENDMENT WAS DE-  
FEATED.

### IN FAVOR OF SMALLER ARMY

Three Times the House Defeated Pro-  
posals for Increase of the Reg-  
ular Army.

Washington—By defeating the Kahn amendment raising the limit of the regular army proposed in the War bill from 140,000 to 220,000, the house Monday indicated what it regards as an adequate measure of preparedness in the way of national defense.

The amendment was rejected by a vote of 183 to 103, a majority being in favor of a smaller army. No roll call was taken, but 12 Democrats filed between the tellers in support of the amendment. More than 30 Republicans, mainly from the middle west, were counted in opposition. The vote indicated that the problem of army increase is a regional rather than a partisan political question.

With the rejection of the Kahn amendment, the War bill passed the most critical point of its passage through the house.

Three times during the day the house defeated proposals to increase the peace strength of the regulars fixed by the War bill at 140,000, expendable to 175,000 by executive order. War is imminent.

The debate centered upon the Kahn amendment to fix the authorized peace strength at 220,000, but the first vote was on a substitute offered by Representative Fuller, Republican of Illinois, to make it 250,000. The Fuller substitute was lost without a division.

The Kahn amendment was voted down after appeals for a larger standing army had been made by Representative Mann, Republican leader, and other influential members of the minority.

Representative Crago, Republican of the military committee proposed to fix the strength at 200,000, but was voted down by a substantial majority.

With this outstanding feature disposed of, consideration of the remainder of the bill went forward rapidly. About one-third of the measure had been reviewed and approved when adjournment for the day came. The National guard, industrial reserve and nitrate plant sections are among those still to be considered.

### AEROPLANES RAID ENGLAND

Killing Nine Persons and Injuring  
Thirty-one.

London—Nine persons were killed and 31 injured in a raid of four German aeroplanes along the east coast of Kent. A British aeroplanist brought down one raider over the sea, the German observer being killed.

The official statement on the raid reads: "Four German seaplanes flew over east Kent Sunday. The first pair appeared over Dover at a height of from 5,000 to 6,000 feet one at 7.55 p. m. and the second at 7.57 p. m.

"The first dropped six bombs in the harbor, then went northwest dropping bombs on the town. The other raider, after passing over Dover, appeared over Deal at 2:13 and dropped several bombs.

"The second pair appeared over Ramsgate at 2:10. They dropped bombs on the town. One of this pair went west, the other north, pursued by a British aeroplane. One bomb is reported to have been dropped on Margate.

"The second machine appeared over Westgate at 2:20. Here several of our aeroplanes went up in pursuit. No bombs were dropped on Westgate. "The total casualties so far reported are: Killed—three men, one woman and five children; injured—47 men, five women, nine children.

"As far as ascertained, 48 bombs were dropped altogether. One bomb fell on the Canadian hospital at Ramsgate, causing damage, but no casualties. Material damage done: Several houses, the homes of artists, and cottages were wrecked.

### ITEMS OF STATE INTEREST

The supreme court will hear arguments on the new automobile tax April 4. The attorney-general has filed his brief in defense of the statute, covering the points in the complaint of Charles H. Jasnowski, prosecuting attorney of Wayne county, in behalf of Julius H. Krimmel, nominal plaintiff.

The first meeting of the Adrian Business Men's association was addressed by Capt. Fred M. Alger, of Detroit. Fifty-five business and professional men enrolled. They will become members of the Adrian Rifle club and will obtain uniforms and equipment.

Oceanic, Muskegon and Mason county residents are opposing the application of the United Home Telephone Co. for a raise of rates before the state railroad commission. The company wants to raise rural rates from \$12 to \$15, and the Ludington rate from \$30 to \$36.

Adama Rameka, of Chicago, about 14 hours, awakened to find that \$600, which represented the savings of five years as a laborer in Chicago, was missing as was also Adama Grogens, a brother Greek, with whom he roomed.

Estimates of the value of stable manure on the farm indicate that in eastern Pennsylvania the manure produced by one adult horse or cow costs the farmer on an average \$15.30 per year, while in southern Michigan the manure of one such animal acts the farmer \$3.22.

## ROUMANIA PLANS ENTRY INTO WAR

KING OF ROUMANIA.

London—It was learned through semi-official circles that Roumania will join the Allies in May. While this movement has been rumored for the past several months the announcement leaked out from an authentic source. Roumania by that time will have a year's ammunition supply and then a combined offensive by the Allies will begin. It is figured then that the war will end by July.

### WHERE RED CROSS FUNDS GO

The Distribution of Aid in the War  
Zone of European Countries.

Reports of the American Red Cross society just issued, show that, to date, the organization has sent to the English allies \$289,137.55 in money and 158 shipments of supplies valued at \$560,869.19. During the same time the American Red Cross has forwarded to the Roumanian allies \$29,712.42 in money and 80 shipments of supplies worth \$335,226.61.

In addition to the above, the American Red Cross has dispatched to Germany and Austria two shipments of anti-toxin, valued at \$1,594,853.82. Seventeen countries received 25,877.

Disaster have been given by the Red Cross. "American shipment 1," says the report, "German shipment 1," forwarded on the SS Rotterdam, August 21, 1915, were damaged by fire, which broke out in the hold as the ship was entering the port of Rotterdam. "With the exception of five cases of chloroform stored on deck these two entire shipments were ruined.

"There have been no more accidents in the 189 shipments that have gone forward since the beginning of the war is remarkable. Considering the fact that the American Red Cross has shipped supplies on practically all the boats sailing from New York to Europe, the Red Cross shipments have run the same peril as others from submarines and mines, but up to the present have not had to report a single loss from these sources of danger.

### FIRE EATS MEN'S DORMITORY

Old Landmark of Kalamazoo College  
Is Gone.

Kalamazoo—The men's dormitory at Kalamazoo college was destroyed by fire early Friday morning. Several students who occupied the building escaped to safety, but lost all their belongings. The fire originated on the fourth floor and is thought to have been caused by defective wiring. The destruction of the dormitory removes a time-honored landmark from the Kalamazoo college campus. It had been standing more than 60 years. It was originally the main building. The loss is estimated at \$50,000.

Bowen hall, the largest building of the college campus, was saved only by the heroic efforts of the firemen and students.

### ITEMS OF INTEREST

M. A. C. lost a debate on munitions to Iowa State college here Friday evening by a two-to-one decision.

Chief of Police Matcomson has declared a rigid ban on all gambling devices, including petty "trade-accounters" in Alpena.

London—Sinking of a neutral and a British steamship, with the loss of one or more lives, was announced Monday. The Norwegian steamer Langle, 974 tons, was sunk and her engineer was killed. Sixteen survivors were rescued. The British steamer was the Port Dalhousie. Her mate, pilot and five men were landed. The remaining members of the crew are missing.

Berlin—No German submarine could have been in the vicinity of where the Dutch liner Tubantia was sunk and no German mines had been laid in this region, the German admiralty has announced.

London—The Board of Trade has instituted a "department of import restrictions" for the purpose of giving effect to the British policy regarding the prohibition or restriction upon imports to meet the deficiency in tonnage.

Manchester, Eng.—The reported prospect of a dividend for the holders of the original shares in the Manchester Ship canal has directed renewed attention to the war prosperity of Lancashire.

London—Between March 1 and March 18, 19 hostile ships of the Entente Allies aggregating 40,000 tons, have been sunk, says Reuters' Amsterdam correspondent, crediting the statement to a well-informed source in Berlin.

London—Imports of luxuries will be barred from all British dominions and colonies, by an order-in-council, to be issued at an early date by the English government. The decree will have considerable effect on exports from the United States.

Panama—The United States supply ships Prometheus and Maunabo, the collier Mars passed through the canal Wednesday. These are the first vessels to pass through the Panama canal for several months.

## RACE BETWEEN VILLA AND COL. DODD IS NIP AND TUCK

Bandit Had Five Days Start, But Apparently Did Not  
Use It; Spending Time Along Country  
Side To Arouse The People

### AEROPLANES USED TO LOCATE VILLA IN MOUNTAINS

May Siege Mexican-Northwestern Railroad If Permission  
Is Not Given To United States Troops  
For Its Use To Carry Supplies

Washington—Officers at the war department say that troops flying the American flag will probably engage Villa within two days' time. Hope is held out that the engagement will result in the capture of the outlaw. It is admitted, however, that probably only the advance guard will take part on the American side and that Villa may be able to get away while reinforcements are being brought up.

The race between Villa and Colonel Dodd is nip and tuck. The bandit had five days' start, but apparently did not make the most of his time, spending some days trying to arouse the countryside when he should have been making good his escape.

News of the first clash between his band and Colonel Dodd's force is expected to reach Washington this week.

### Leave Men Behind.

El Paso, Texas—Reported hemmed in among the canons of the Guerrero mountains, Francisco Villa was believed surrounded by several columns of Carranza troops and the American expedition closing down on him from the north.

However, there were miles of mountainous desert to the west of the pursuers were drawing around the outlaw.

Aeroplane were used in spraying out Villa's hiding place. Soaring among peaks several thousand feet high they could pick out Villa's men on the mountain trails and signal their whereabouts to General Pershing's scouts.

Villa was reported to have left a small detachment at the Hernandez ranch to hold off the American cavalry until he was safely hidden in the fastness of the Sierra Madre.

Fighting with his rear guard was expected to begin today. The American column, matching its cavalry with horses against Villa's ponies was making forced marches to get at grips with the Villistas. Their only hope of capturing him lay in making him fight.

### Want To Use Railroad?

With the American expedition penetrating interior Chihuahua, where it was impracticable to send provisions and supplies by automobile trains from Columbus, a second request was reported to have been made by Washington for immediate permission to use the Mexican-Northwestern railroad.

A sensational rumor was current that United States troops would give Juarez 15 minutes to surrender and would then take control of the border town, which is the terminus of the railroad, if the permission was refused.

A shallow river and a winding way on road, cutting like the two blades of a pair of scissors through the heart of the Sierra Madre oriental mountains, are thought to be the connecting link between Villa's bandits and the pursuing columns of General Pershing.

According to Colonel Bertani, Carranza, commander at Casas Grandes, part of General Pershing's troops are near Casas Grandes and a part are near Galeana, some 30 miles southeast. Dispatches to General Gabriel Garcia commanding the Carranza forces at Juarez says that Villa is in the Bahricora lake region on the ranch of Mrs. Phoebe Hearst.

Troops Near El Valle.

If General Pershing's troops follow the route initiated in Columbus and continued through Casas Grandes to Galeana, they must by this time be in the neighborhood of or beyond El Valle.

A part of the way south from El Valle the wagon road is an old traveled highway. Later it runs into the mountains, where there are forests of scrub oak and pine. In this region, the Santa Maria is called by lofty canyons and would be unsafe for cavalry transit as huge boulders could be toppled down on the passing troops. However, the wagon road passes over the mountains and continues on to Cruces.

In army circles here it has been believed that Villa might be headed to the south instead of stopping in his old stamping grounds in the Cruces region.

It was pointed out that in his retreat from Columbus, N. M., he must have followed the course of the Santa Maria for a part of the time. If the reports announced by General Garcia are true. The latest report, stating that Villa had left this route at El Valle, marching southwest to the Bahricora lake region, is regarded as significant, as is also the information that the attacker of Columbus has forsaken 30 of his wounded.

Price Not Hurt.

When Washington announced that the American columns did not intend to occupy cities, a menace to Mexican national pride was removed. The Carranza garrisons, which have been passed by the marching Americans and which therefore are now in the American rear, on their flanks, continued tranquil, so reports to El Paso indicated.

General Gabriel Garcia, at Juarez, commanding the territory through which for three days the Americans have been penetrating, himself announced that for a time the situation as reported to him had been delicate and even serious. With evident relief he said the crisis had passed. This crisis, it is believed, had reached its height last night, when Carranza's dash into Casas Grandes, announced with careless enthusiasm that the American troops would enter that city by midnight. General Garcia wired immediate orders to his troops not to permit this.

Dawn showed the long lines of cavalry horses just outside Columbus, Durango, their troops dismounted and in camp, at rest.

### Rush Capture of Villa.

Washington—Every effort is being made by the administration to bring to a speedy conclusion the chase into Mexico after Villa. Orders have been sent to Brigadier General Pershing to lose no time in rounding up the bandit chief. Reports of a disturbing character, which have been received from the border have convinced officials that the longer the American forces are in Mexico the graver is the danger of serious trouble with the entire nation below the border.

From authoritative sources, the information is obtained that the situation is more delicate at present than it has been at any time since the troops crossed the border. Anti-Carranza agitators along the border, deliberately misconstruing the purpose of the expedition, have sent reports throughout northern Mexico to the effect that the action taken by the United States is the forerunner of intervention.

Advantage is being taken by these agitators of the fact that Carranza has acquiesced in the expedition to make it appear that he is being made the tool of the American government. How long he will be able to face up to this question which grows more serious daily. Strenuous efforts are being made by the state department to counteract these reports. It was at the suggestion of the department that the president had Senator La Follette introduce in the senate the concurrent resolution assuring the Mexican people on behalf of congress that under no circumstances does the American government contemplate intervention or interference with the internal affairs of Mexico. As soon as this resolution has been acted on by the house, copies of it will be sent to American consuls in Mexico for distribution.

### Hunt Costs \$72,000 a Day.

Washington—It is already costing the United States government \$50 a minute to hunt Villa, of \$72,000 a day, the estimate was made by Major William Elliott, quartermaster. Millions may be expended before the threat of Mexican anarchy against the border states is completely wiped out.

## OPEN ANOTHER POWERFUL ATTACK

GERMANY HAS 20,000 FRESH  
TROOPS BROUGHT UP FROM  
DISTANT POINT.

### ATTACK NORTH OF VERDUN

Teuton Armies Gain Ground in Malancourt Wood—Ten Miles From Verdun.

London—Germany has opened another powerful attack on Verdun, employing one division of 20,000 fresh troops brought from a distant point, according to the Paris war office communiqué. The new attack was made in the region northwest of Verdun where the Germans have for nearly two weeks been trying to gain hills on which they can place guns that will reach the three western forts of the Verdun ring.

Paris says the Germans were repulsed with heavy losses, but admit they made a slight gain of ground in Malancourt wood, 10 miles from Verdun.

Berlin officially reports the repulse, with heavy losses, of a French attack on the village of Vaux, northeast of Verdun. Elsewhere around the fortress there have been only intermittent bombardments and a continuation of fights in the air between French and German aviators.

Although Berlin says the Germans again have repulsed the Russians in attacks with strong forces around Postary and between Lakes Narocz and Dreswaty, Petrograd reports a German check south of Lake Dreswaty and the capture of German trenches in the Lake Narocz region. Several villages in this district also have been taken by the Russians.

These statements, as well as press dispatches indicate a general increase in the fighting on the Russian front.

Advices also report activity in Greece, where a French force from Salonica has occupied villages near the Bulgarian border.

Berlin's Western front, favored by good conditions for observation, there was pronounced activity on the part of artillery and aeroplanes on both sides. In the Meuse sector (around Verdun) and in the plain of the Woëvre artillery engagements continued, to be especially violent. To prevent an attack pushing our lines forward toward the defensive positions of the enemy in the neighborhood of Fort Douaumont and the village of Vaux, the French delivered a fruitless attack with parts of a division recently brought up against the village of Vaux. They were repulsed with heavy losses.

### TWO THOUSAND SHIPS LOST

Four Million Tonnage Lays On Bottom  
of Sea.

Washington—The European war has taken from the seas more than 2,000 merchant vessels of nearly 4,000,000 tonnage, according to figures published by the department of commerce. Germany, with 600 vessels sunk, captured or detained heads the list of losers.

Two hundred and twenty-five of the 500 British vessels lost were sunk by submarines. Great Britain's allies lost 167 ships. Austria lost 80 and Turkey 124. The total of neutral losses is put at 736, but most of these were released after being reported captured.

Ninety-two neutral vessels have been submerged and 94 sunk by mines. Twenty-three have been damaged by submarines and mines.

### TELEGRAPHIC FLASHES

Since the new rat bounty law became effective in Sanilac County Clerk Utley has issued orders for 3,000 rat bounties. During December, January and February bounties were paid on 8,000 English sparrows.

Berlin—Emperor William has bestowed the Order of Pour le Mérite on Captain Haupt and First Lieutenant Brandner, of the Twenty-fourth Brandenburg Infantry regiment who were the first to enter Fort Douaumont with their companies.

Paris—Eight hundred thousand French children have been made fatherless by the war, according to a statement made by Senator Jenvrier in a debate in the senate. This number exceeds by 10 per cent the average total birth in France. Half the children of France, the senator estimates, will be fatherless without a paternal guide.

Rio Janeiro—Dr. L. Muller, Brazilian minister of foreign affairs, confirms that the American republics are about to exchange views on the question of utilizing German and Austrian vessels.

Budapest—An official report fixes the number of Hungarian "war orphans" at the beginning of 1916 at 36,400. Local authorities have been urged to appoint special commissions to supervise the rearing of these "war orphans."

Petrograd—The Russian steamer Neora Jaslavda was torpedoed in the North Atlantic, March 3, according to advices received here. All members of the crew are believed to have been saved.

London—Between March 1 and March 18, 19 hostile ships of the entente allies, aggregating 40,000 tons, have been sunk, says Reuters' Amsterdam correspondent, crediting the statement to a well-informed source in Berlin.

London—Imports of luxuries will be barred from all British dominions and colonies, by an order-in-council, to be issued at an early date by the English government. The decree will have considerable effect on exports from the United States.

Panama—The United States supply ships Prometheus and Maunabo, the collier Mars passed through the canal Wednesday. These are the first vessels to pass through the Panama canal for several months.

London—Between March 1 and March 18, 19 hostile ships of the entente allies, aggregating 40,000 tons, have been sunk, says Reuters' Amsterdam correspondent, crediting the statement to a well-informed source in Berlin.

## IF BACK HURTS USE SALTS FOR KIDNEYS

Get less meat if kidneys feel like lead  
or bladder bothers you—Meat  
forms uric acid.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, and make tringes, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and this moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with bicarbonate of soda, and is harmless, makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

### PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Elye Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh suffers need. Don't stay stuffed-up and miserable.

Berlin's Western front, favored by good conditions for observation, there was pronounced activity on the part of artillery and aeroplanes on both sides. In the Meuse sector (around Verdun) and in the plain of the Woëvre artillery engagements continued, to be especially violent. To prevent an attack pushing our lines forward toward the defensive positions of the enemy in the neighborhood of Fort Douaumont and the village of Vaux, the French delivered a fruitless attack with parts of a division recently brought up against the village of Vaux. They were repulsed with heavy losses.

### STATE NEWS IN BRIEF.

The Muskegon County Federation of Farmers, meeting at its quarterly session, adopted resolutions in favor of state-wide prohibition.

Major Guy M. Wilson of the Michigan National Guard announces that preparations are under way for the organization of a machine gun company in Flint.

A mysterious aeroplane, reported to have been seen at St. Ignace, Bay City and St. Louis, has been sighted hovering over Saginaw. It is said. A number of residents assert they saw the read and green lights of the machine high in the air.

Ample syrup and sugar makers of Canton Township say there will be the somewhat of an advance in price for both syrup and sugar this spring. The reason for the prospective advance is a rise in the general cost of production and the price of sap pails and tin syrup cans.

The entire 1916 production of the majority of Detroit automobile factories, more than half a million motor cars, will be affected and their manufacture may be seriously retarded if the companies manufacturing detachable rims for automobile wheels fail to reach an agreement in a patent litigation which has been started in New York.

A motion by the defense to exclude all witnesses from the circuit court room except as they testified proved a boomerang in the case of Fred Boros, of Flint, charged with violating the local option law. The witnesses told such conflicting stories when called to the stand that before the testimony for the defense had been completed Boros changed his plea to guilty.

Berlin, Ont.—A hundred soldiers will start out this week as a recruiting committee and will visit all factories and shops for the purpose of securing 700 recruits to fill up the 118th battalion within three weeks. The system they are adopting will be equal to the Derby registration scheme in vogue in England.

A. M. LEWIS, YOUR DRUGGIST

Charles Sills of Bay City spent Sunday with Grayling friends.

Try our special dinner and luncheon Sunday, 35c. The Royal Cafe.

A daughter was born to Mr. and Mrs. Alex Lagrow last Thursday, Mar. 16th.

Andrew Jensen has returned from Detroit, after several months spent in that city.

Mrs. S. J. Graham of Detroit is visiting her parents, Mr. and Mrs. Rasmus Hanson in this city.

Frank Jennings is spending a couple of weeks in his old boyhood home near Ithaca and Stanton.

You may be next! Why don't you buy some Fire Insurance?

Geo. L. Alexander & Son.

Orlando F. Barnes of Lansing was in the city Saturday and Sunday looking after business interests.

Mr. and Mrs. Thomas Briscoe entertained their nephew, Cletus O'Hare of Bay City, over Sunday.

The annual State tax sales for Crawford county appear in supplement form in this issue of the Avalanche.

39:5

Ollie Baker, night clerk at the Russell Hotel spent Thursday of last week visiting at his home in West Branch.

Mothers' club meeting at the school house next Tuesday evening, March 28th. All ladies of Grayling are invited.

J. A. Johnson, living north of the city, says that he saw a flock of crows last week Monday. They better get their felt boots on.

The regular monthly meeting of the Grayling Board of Trade will be held at Glen-Smith's law office next Monday night, March 27th, at 8:00 o'clock.

Mr. and Mrs. Geo. N. Olson are receiving congratulations on the arrival of a ten-pound daughter, born Monday. The daddy is about the happiest man in town.

It seemed natural to see Melvin A. Bates at work in the postoffice first of the week. He was assisting during the absence of Postmaster John Hum, who was in Detroit on business.

You can spot a tailor-made suit every time you see it. And if you can spot it on others, others can spot it on you. Let us take your spring measurements today. Our new samples are here. Look them over.

Lietz Bros.

About the only way to know that this is spring time is to consult the calendar. We still have lots of snow and below zero weather nightly. An official weather report shows that it reached four below zero last night and at 7:40 this morning it was three below.

The April number of the American Magazine contains an article written by A. P. Johnson, publisher of the Grand Rapids, Mich. News entitled "The Glory of the States—Michigan." It tells a lot about Michigan and we are sorry we cannot reproduce the article for the benefit of our readers.

Tony Nelson, who should be in position to know the true facts, claimed to the Avalanche that the reason that the fire hydrants didn't work properly at the recent fire, was not due to their being frozen, as generally supposed. He claims that the main pipes become frozen at times and that the hydrants are kept clear.

Dr. J. Atwood Whitaker went to Bay City the latter part of last week and met his father, J. A. Whitaker, of West Branch, who was just returning from a winter's vacation spent in Miami, Florida. The latter spent a few days in this city with his son and family, returning to West Branch Monday. Mrs. J. A. Whitaker, who also spent the winter in Florida, stopped off a few days in Chicago.

Last Thursday Mrs. Olaf Michelson received notice that she had been appointed chairman of the 10th district of the Emigrant Aid department of the State Federation of Women's clubs. Mrs. Michelson's friends are delighted to hear of her appointment to this department, and feel that she is capable of being much credit to this branch of the State work.

This is the second appointment that has been made from the Goodfellowship club of this city this year.

Ivory R. Gile, highway commissioner of Beaver Creek township, has been appointed by the State Highway commission to the position of taking charge of the construction of the trunk line that is to be built during the coming season, and will have headquarters at Pontiac. The appointment came as a surprise to Mr. Gile. He is recognized as a road builder of splendid ability and is familiar with all kinds of construction work in road building and railroad building. His friends here will be pleased at this nice compliment paid him by the Commission and at his good fortune.

In remitting to the Avalanche for another year's subscription, H. P. Bell, of Meadowdale, Wash., says that: "We are glad to note by your paper and by the reports of Michigan people who have visited us here that Grayling seems to be in a very healthy and prosperous condition, and we sincerely hope that this may continue. My father has practically recovered from his blindness although his sight is still quite dim." Mr. Bell renews his best wishes for the prosperity of Grayling and Crawford county. His father and family lived in Grayling a number of years and at one time was county clerk of Crawford county. He also conducted a shoe store in the building now occupied by the Kraus hardware store. Their many old friends will be pleased to have this message from them.

Subscribe for the Avalanche.

A son was born yesterday to Mr. and Mrs. Charles Corwin, of Pere Chequer.

A baby boy arrived at the home of Mr. and Mrs. Clifford Maxson last Thursday, Mar. 16th.

Melvin A. Bates and Prof. E. H. Worth are in Ann Arbor and Ypsilanti on school business.

The Danish Sisterhood will give a dancing party at the Temple theatre Saturday evening, March 25th. Price \$1.00, per couple, extra lady 35 cents. Refreshments will be served. A cordial invitation is extended to all to attend. By order of Committee.

Darius Countryman, of Boyne City was brought to Grayling yesterday suffering from a mental breakdown. He is taking treatment at Mercy hospital. He is accompanied by his wife. Mr. and Mrs. Countryman lived in Grayling up to about a year ago when they moved to Big Rapids and later to Boyne City.

The Ladies' Missionary society of the M. E. church held a "Pot Luck" social at the home of Mrs. Philip Zalsman, Friday evening. The decorations were all in green in honor of the day and every guest wore a leaf of shamrock. Vocal solos were rendered by Rev. Aaron Mitchell, Mrs. Nina Woods and Mr. Philip G. Zalsman. Recitation by Mrs. Edna Miller and instrumental solo by Miss Mildred Whitbur. After the program a delicious lunch was served by Mrs. Zalsman assisted by the "pot luck" committee. Everyone had a good social time.

Mr. and Mrs. William Woodfield received the news Monday, that their son, Wm. G. Woodfield of Houghton, Mich., had lost a part of his right hand in a railroad accident, on the Copper Range railroad where he was employed as brakeman. The hand was cut diagonally across leaving only his thumb and wrist. The accident happened about a month ago, but the news was kept from his parents until this week. Mr. Woodfield was a Grayling boy and his friends will be sorry to learn of his accident. Three days before the accident Mr. Woodfield passed a successful examination for R. R. conductor.

The Star, published by the Sun Publishing company of Midland, last week issued an industrial edition that would make most any community sit up and take notice. On the front page there is a fine half-tone picture of Herbert G. Dow, president of the Dow Chemical company, and on the same page is a birdseye view of the extensive plant of the company. Other pages contain pictures of business and industrial places and a list of business and professional men as well as some residence homes. The edition contained sixteen interesting pages and is printed upon calendar paper. The work was entirely done in the plant of the publishers and reflects credit upon their equipment and upon those who did the work. Gilbert A. Curry, who is well known in the district because of his candidacy for congressional nomination, is the leading stockholder in the Sun Publishing company.

Col. W. G. Rogers of Lansing and Capt. Wells of Washington, were in the city Friday of last week and visited the military reservation and took an inventory of the property on hand at that place. Capt. Wells is official camp inspector for the National government. In an interview with Col. Rogers he says that, if the National guard of Michigan is not called out to the Mexican border, the chances are that the entire Michigan organization will probably be in Grayling next summer. Previous arrangements are that the artillery corps would go to Sparta, Wis., and the cavalry troops to one of the southern states, where they would train with the U. S. regulars. However as most of the regulars are called out because of the Mexican trouble there will be no necessity of our divisions to leave the state. He also says that in case the Michigan guard is called out they would mobilize at Fort Wayne, unless the call should not come before May 1st. Mobilization after May 1st would be here at Grayling.

Grayling Township Election Ballots.

Since the caucuses of the Democrat and People's parties there had been considerable conjecture as to the final outcome of the lists of candidates. Some of the candidates appeared on both lists and according to the statutes a man cannot run on more than one ticket. This has been finally determined and a corrected list of all parties may be found in this issue of the Avalanche.

Also there was some doubt as to whether the People's party ticket might have a place on the ballot. Their caucus was called but three days before the meeting and the law requires five. To correct this error the meeting was adjourned for two days but the law holds that the adjournment was only a continuation of the first meeting and thus the ticket was illegal. All that was necessary was for the Township board to reject the list of candidates.

After considering the matter the Township board determined to accept the ticket and therefore it will appear on the ballot with the others on election day. We believe that this action on the part of the Board will meet with approval of all fair minded citizens for it shows that they are willing to give everybody a fair chance.

The Best Drug Service.

There are good and poor qualities in drugs just as well as in other commodities and it is the very best obtainable that we use in our prescriptions, at pays the purchaser to get the best.

A. M. Lewis.

## DuPont News Items.

W. J. Tear spent last Sunday in Bay City visiting friends.

Ebblin Lagrow, a fireman in the resort building, was severely burned last Sunday, when one of the condensaries boiled over on him. He is getting along nicely.

J. B. Baxter of the engineering department will leave for his home in Wilmington, Del., tomorrow. During his stay here he has been busy checking up the blue prints and comparing them with the finished structures.

Mr. Baxter and Supt. Foster are in Grayling today looking after business for the Company.

B. B. Rankin, a representative of the Company from Wilmington, and General Manager C. T. Clark of Bay City, were in the city first of the week inspecting the local plant.

South Side.

Mrs. Jas. Atherton returned Monday from a week's visit with her brother and family at St. Helens.

Mrs. Jerry LaMoine was called to Hammett, Mich., to attend the funeral of an uncle, last week.

F. C. Jennings left Monday for Stanton, Mich., to visit relatives for a couple of weeks.

A son was born to Mr. and Mrs. Clifford Maxson, and a daughter to Mr. and Mrs. Alex Lagrow, last week.

Frank Cochran of Flint spent Saturday and Sunday with friends here.

Miss Ethel Clark of T. Town spent Saturday morning with Mrs. E. R. Clark.

## GOSSARD Corsets

In our corset department we are giving demonstrations, with the assistance of Mrs. Gray, of the H. W. Gossard Co. She will be with us

Wednesday, March 29th

Not only can you obtain correct information regarding the new spring styles in corsets, but you can also obtain authentic information regarding suits, dresses, millinery and lingerie during this demonstration.

There is a decided change in the figure line this season. The smaller waist is returning, but in a new form. It will be well for you to ascertain the latest fashion news regarding corsets. It can be had for the asking during this demonstration.

## CHEESE AND THEN MORE CHEESE

Did you ever stop to consider the great food value in cheese?

We have a nice assortment and invite your inspection. Only a few old ones left from last summer. Something nippy with the bite. Just received some fresh long horns, mild and creamy. Try a pound with your next order. Here is our leader in cream cheese: A full rich cream. Each cheese about two pounds. Try one. Just received a shipment of Wisconsin full cream brick. This one they all like. Here is a new one—Liederkrantz. This cheese is made with the greatest care from the richest full milk. Better try one, 15c package. One more—the one most men like—Limburger. (Nuff said.)

## Local News

Dennis Duggan of Detroit was in the city today.

Easter cards now on display—a fine selection. Sorenson Bros. 3-23-1f Charles Preston and family were in West Branch first of the week.

Register next Saturday at Town hall. Open from 9:30 a. m. to 5:00 p. m. Candidates: Need any election printing? Your orders will be strictly confidential and promptly filled to your satisfaction.

Mrs. Marius Hanson entertained a few guests informally on Saturday afternoon in honor of Mrs. James Graham of Detroit.

Mrs. A. Rasmussen, formerly Miss Sena Ellerson left Tuesday afternoon for her home in Detroit, after a week's visit with her parents and friends here.

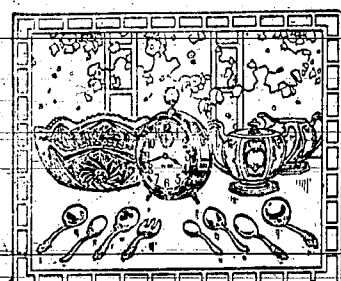

Word has been received of the birth of a daughter to Mr. and Mrs. Fred Powrie of Bay City, this week. The latter is the daughter of Mrs. J. Melstrop of this city.

Mrs. Lucile Baker, who has been here the past week looking after her interests, was called to her home in Bay City Sunday by the sudden illness of her little daughter, Lucile.

Notice—A number of dishes belonging to the Grayling Opera house have been loaned out to parties and not returned. Will those having same in their possession please return them at once. JOSEPH BURTON, Manager.

Several young people surprised Miss Jennie Biggs last Saturday evening the occasion being her sixteenth birthday. Parcheesi and Halls were the leading games of the evening. A dainty luncheon was served, after which the guests departed, having enjoyed a happy evening.

Fire was discovered in the William Niel home at about 4 o'clock last Friday morning. The fire department responded promptly and put the fire out. At 7 the next morning fire was again discovered in the same place, but was soon extinguished with pails of water. The origin of same is unknown.

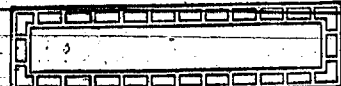

## Suggestions

OUR window displays offer splendid suggestions for gift giving and fixing up one's own home.

In our windows are displayed the latest novelties, the most staple table articles, and the most beautiful jewelry. Of course we can't show it all in the windows, so we are going to invite you to drop in and inspect it personally. When may we look for you?

## SWEDEN.

The so-called "Farmers' Expedition," which brought about 30,000 farmers to Stockholm, in the interest of "preparedness" on a larger scale, is now looked upon as an important factor in the making of the history of modern Sweden. Accordingly it is proposed to commemorate the "Farmers' Expedition" by the erection of a national monument. A young Swedish sculptor has prepared a sketch for such a monument. It represents a man dressed like a farmer. Standing in front of him is the figure of a soldier. He looks into the future and at his feet lies his sword which he has thrown away for the time being. The monument is expected to cost \$100,000 and will be erected in the city of Stockholm.

About 100,000 men have been mobilized in Sweden for the purpose of training in the use of arms.

## THE KITCHEN CABINET

There is no medicine equal to a merry laugh—well mixed with fresh air. One secret of success—stick to it—live—ness.

## HELPFUL HINTS.

Tallow of beef or suet is too hard to use for shortening in a general way; but if tried out and mixed with equal quantities of lard it will be soft enough to use for any shortening.

Cottonseed oil with suet has been used with good results.

pouring in equal quantities of the oil when the fat is still hot. This fat is especially good for deep frying.

A five or ten cent dish mop makes a fine mop or duster to use to dust down the hardwood stairs, or to clean out the spiral springs of the bed.

Treat the mop to a bath of kerosene and it will catch and hold the dust.

This same dish mop can be useful in keeping the sink and bathtub clean. Dip it in a cup of kerosene and it will remove all the dirt quickly by doing away with the scouring process.

An ordinary carpet sweeper, if dampened with water before using will make up the dust with less dust left in the air.

When washing windows add a little ammonia to the water instead of soap, the glass will be clearer.

Older or little stiffs which are dark should have the top and bottom painted white; this will prevent staining.

A heavy piece of sheet iron on the top of a stove will keep the heat from escaping. It will also keep the stove from getting too hot.

## DRINK HOT WATER AND RID JOINTS OF RHEUMATIC RUST

Why rheumatism and lumbago sufferers should drink phosphated hot water each morning before breakfast

RUST OF IRON

RUST OF RHEUMATISM

Just as coal, when it burns, leaves behind a certain amount of incandescent material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material which if not completely eliminated each day, becomes food for the millions of bacteria which infest the bowels.

From this mass of rotting waste material, toxins and ptomaine-like poisons, called uric acid, is formed and then soaked into the blood where it continues to circulate, collecting again by grain in the joints of the body much like rust collects on the pipes as shown above.

Men and women who suffer from lumbago, rheumatism or sciatica, should drink phosphated hot water each morning before breakfast. It is an excellent

phosphate of lime, which cleanses the blood and removes the uric acid from the system. It is a natural food and is easily absorbed by the body.

Each liver, kidneys and bowels the previous day's accumulation of toxins and poisons; thus, cleansing, sweetening, and freshening the entire alimentary canal, each morning, before putting more food into the stomach.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to make any quantity of phosphated hot water.

Millions of people keep their joints free from these rheumatic acids by drinking this phosphated hot water each morning before breakfast. It is an excellent

phosphate of lime, which cleanses the blood and removes the uric acid from the system. It is a natural food and is easily absorbed by the body.
